

Client: Private Developer

Guildhall Nottingham

Client

Private Developer

Construction Cost

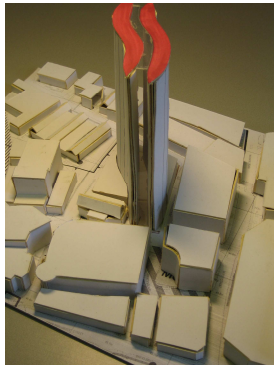

£tbc

Key dates

sketch design: September 2008

Project Design Team

JMF Chartered Architects

Sketch scheme to investigate the feasibility / viability of this landmark building located on a highly visible corner site in the heart of Nottingham City Centre.

The total conversion of the Grade I listed Guildhall from office into an exclusive Hotel, with two storeys of new-build retail on the adjacent sites occupied by the existing Fire Station, Police Station and Nottingham City Council office.

Above the two-storey retail plinth a proposed landmark fifty storey twin-towers accommodating a mix of hotel accommodation, residential apartments, Nottingham Trent University teaching and residential accommodation and private office suites.
