

Client: Private client

Residential property - Rothley

Client

Private client

Construction Cost

£0.25million

Key dates

Proposed 20 weeks
Up to RIBA Stage D completed

Project Design Team

JMF Chartered Architects
NDPC

Procurement Route

Traditional

A proposed substantial two-storey residential extension in Leicestershire.

JMF were Architect and Lead Consultant managing the design process which included the architectural design and planning consultancy.

JMF liaised with the local authority and subsequently produced an excellent design which was applauded by the Planning Authority for its contemporary and sensitive approach.

The project included an open-plan ground floor with lounge, dining, kitchen area and bi-fold doors to the rear garden.

To the first floor two additional bedrooms with ensuites are skillfully linked to the existing property via a glazed link.

For more information please contact James Firth on 07790 019248.
